## You can be here... and online, too.

### Looking for ways to share your medical practice information and generate patient referrals?

As a member of HCMS, your biographical listing is included in the *Pictorial Roster* and in the online *Harris County Physician Directory*.

The *Physician Directory* includes the same information printed in the *Pictorial Roster*, except for home address and phone number. Unlike the printed *Roster*, it also includes NPI #, fax #, hospital affiliations and insurance accepted; and can be searched by name, specialty, practice setting, zip code, branch, gender and languages spoken.

### For additional visibility, place a Practice Listing!

Include additional details about your practice, such as office locations, procedures performed, website, and more. Practice listings are featured in both the *Pictorial Roster* and the online *Physician Directory*.

To access the *Physician Directory* or place your Practice Listing, go to [www.hcms.org/membership/member-directories/](http://www.hcms.org/membership/member-directories/), or call 713-524-4267.
